Dear Mr Dorel Nasui,

We are extremely pleased to recognize you as a Member of the IDIS International Advisory Board (IAB), considering your outstanding expertise and prominence in business and governmental affairs. As of now, the IAB consists of 7 individuals, unanimously selected for their visionary leadership, care for social progress, openness to coach young leaders and mid-career professionals in Moldova in crafting a better state, in terms of democratic and effective modern governance, welfare state, moral integrity and well-connected to the world. I have the privilege to announce the following list of the International Advisory Board for 2016-2020:

**Dr Asif Chaudry, Vice Provost of the Washington State University, Former Ambassador of the USA to Moldova**

Members of the International Advisory Board are nominated for a 4-years full mandate. The IDIS Management Team convenes with every IAB Member a framework of cooperation, data sharing and participation in some of the flagship initiatives of the Institute. As the IAB Charter says, International Advisors are expected to guide, coach new policy areas in the economic and social policy, direct new ideas in business, governmental affairs, foreign policy, education, defense and security, cyber and e-governance. Annual or extraordinary reunions of the International Advisory Board can be joined by Members via skype or by traveling to Moldova or to other places, as agreed with the Management team. Participation to the flagship projects will give important leverages to the IAB Members to oversee and expand IDIS's field of work, professional networks and institutional affiliations.

We are delighted to receive your acceptance in joining the IAB of IDIS. You will receive soon a pin and a Certificate of the Member of IAB. In the following weeks, the Management team will also send to you the Annual Report of Institute for 2016 and forthcoming Policy Priorities for IDIS in 2017, which will serve as a launchpad for the first IAB Reunion (tentatively scheduled for December 14-15, 2016). Meanwhile, we would be happy to listen any specific subject or recommendations that you would like to bring further on to the attention of the IAB or of the IDIS Administrative Board, prior to the First Reunion in December. Looking forward to hearing from you.

Sincerely yours,

**Dr Igor Munteanu**
